Dear Craig

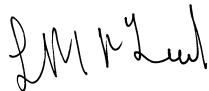

Thank you for participating in the ClubMark programme and the effort you have made to attain the Gold level. Your club has set high standards on and off the field and is always working to improve further which will ensure a robust organisation in the future.

I would like to make the presentation of your certificate to you at the next Sport Canterbury Sports Executive Breakfast on Wednesday 30 November. The location is yet to be decided and I will advise the address once organised. The breakfast commences at 7.30am and usually finishes by 8.45am. We extend this invitation to three representatives from your Club and I would be grateful if you could advise me of the names of those attending by Monday 28 November.

You have number of initiatives in place that will stand your club in good stead in the future and these include; good communication with club members; player retention which is a high priority and you regularly check your performance to ensure you are aligned to your long term plan. There are a couple of areas the club is still working on to improve and these include the establishment of a formal mentoring programme; recruitment of new players as well as the ongoing development of a high performance programme to cater for the increased number of talented and skilled players.

Congratulations and thank you for all the work you have done to reach this high standard and I look forward to presenting your Gold ClubMark certificate to you at the end of the month.

Regards

Lorraine McLeod
